

## Implementation Rubric on Instructional Strategies

Directions: *Please circle your understanding of the following instructional concepts.*

Statement	Introductory	Intermediate	Proficient
<b>Knows the importance of posting lesson goals.</b>	I've heard that posting goals improves student academic achievement.	I know why it is important for teachers and students to know lesson goals.	I know why goals are important and post goals for each taught lesson.
<b>Has an understanding of learner variability in classrooms.</b>	I've heard that students learn differently.	I know students learn differently because each brain is unique.	I consider learner variability and adjust my instruction accordingly.
<b>Incorporates varied resources into lessons to support learner needs.</b>	I only use the district purchased books during my lessons.	I incorporate one (1) supplemental material into my lessons.	I offer a variety of resources that support learner preferences.
<b>Knows how to remove barriers from learning standards.</b>	I've heard there may be barriers in learning standards.	I am in the process of learning how to remove barriers from content.	I can spot barriers in standards and remove them from the curriculum.
<b>Spends time reflecting on lessons to make instructional adjustments.</b>	I don't typically spend time reflecting after I teach a lesson.	I sometimes reflect on lessons, but do not make adjustments.	I spend time reflecting on lessons and students then make adjustments, as needed.
<b>Differentiates instruction to help students learn.</b>	I provide lecture to my students.	I change teaching strategies during some lessons.	I use a variety of teaching strategies during all of my lessons.
<b>Knows how to present lessons differently to students.</b>	I present content using the district purchased book.	I sometimes present content using varied materials.	I always use a variety of materials and know my students' learning preference.
<b>Understands students can express what they know in more than 1 way.</b>	I provide paper/pencil tests to assess student knowledge of a subject.	I provide paper/pencil or orally administer exams to assess student knowledge of a subject.	I allow students to express what they know in a manner that meets their need.
